FACTS ABOUT MISSISSIPPI SOUTHERN COLLEGE

ARMY ADMINISTRATION SCHOOL

The Army Administration School, a division of the Adjutant General's Department, was established at Mississippi Southern College on September 26, 1942. This was the second school of this kind in the nation to be established. The school closes January 12, 1944. The school on Mississippi Southern College campus is the last school of this type to be discontinued in the United States.

More than 3,825 young men from every state in the Union were trained here.

RECENT IMPROVEMENTS

During the past few months many improvements have been made at Mississippi Southern College.

The Band Hall has been converted into an up-to-date dormitory. A wing has been added on the north and south sides and it has been redecorated throughout.

The north porches on Forrest County and Mississippi Halls have been glassed in and can either be used as additional dormitory space or as extra lounges.

Three new concrete tennis courts enclosed with wire netting have been built.

All class rooms in College Hall and Science Hall have been redecorated and new equipment has been installed where needed. Eight new class rooms have been provided on the third floor of College Hall and four new class rooms have been provided in Science Hall.

New roofs have been put on the Administration Building, Auditorium, Dining Hall, Forrest County Hall, Hattiesburg Hall, Hospital, and President's Home.

The Hospital Building, the Dining Hall, and the Administration Building have been redecorated throughout.

New and up-to-date equipment has been added in the Dining Hall.

The exteriors of all buildings have been repaired and painted.

The Social Center has been redecorated and new equipment added for the convenience and pleasure of the students and faculty.

All shower rooms in the dormitories have been redecorated.

Seven new pianos have been purchased for the Music Department.

The number of books in the library has been greatly increased during the past year.

ALL THE ABOVE IMPROVEMENTS AND OTHERS NOT MENTIONED WILL BE DEVOTED EXCLUSIVELY TO THE TRAINING OF CIVILIANS AFTER JANUARY 12, 1944, WHO CHOOSE MISSISSIPPI SOUTHERN COLLEGE AS THE SENIOR COLLEGE TO ATTEND.

GENERAL INFORMATION

Students may register for a full quarter of work at the beginning of the Spring Quarter, or they may register for six weeks work during the last term of the Spring Quarter, beginning April 24. They may also register for either term of the Summer Quarter, or for the entire quarter. By registering for any two consecutive six-weeks' terms in the two quarters a student may do a full quarter of work, and by registering for three consecutive terms he may do an entire semester of work.

Admission is by certificate or examination. Mature students, however, may be admitted as special or unclassified students to those courses for which they are qualified, without satisfying the usual fifteen units admission requirement. A detailed statement of entrance requirements may be found in the bulletin of April, 1943.

Students under the rank of junior and under thirty years of age are required to register for physical education unless excused by the head of the Department of Health or the college physician. Special courses are designed to meet the needs of those incapacitated for vigorous exercises.

LIVING ACCOMMODATIONS

Dormitory assignments are made by the Financial Secretary after room reservation fees have been received. Room assignments are made by the hostesses in charge of the dormitories.

Rooms are reserved in the dormitories in the order in which room fees are received.

The room reservation fee is $8.00 for each student. No room deposit can be refunded unless the reservation is cancelled ten days prior to the opening of the quarter for which the reservation is made. These fees may be sent directly to the College Secretary.

Rooms are equipped with the following furniture: Two single beds, a dresser, two chairs, and a study table. Students must furnish all linens, bed covering, pillow, curtains for windows and for closet doors.

If the dormitories are filled, living accommodations outside the dormitories must be selected from the list approved by the college authorities, and may not be changed except by the consent of the Dean of Students. No student is allowed to change his place of residence during the quarter except under unusual conditions. The approved list may be secured from the office of the Dean of Students.

Further information concerning housing regulations may be obtained from the office of the Dean of Students.

All students not living in their own homes, whether rooming in the dormitories or in private homes or rooming houses, are subject to the regulations, control and supervision of the College. The College uses its efforts to safeguard such students, but no responsibility can be assumed.

LOAD OF WORK

The normal student load is twelve to eighteen hours. Students who make A's on eight hours and B's in the remaining eight or more hours are permitted to take twenty hours during the next quarter of attendance.

Seniors may take twenty hours during any one of their last three quarters provided they shall not have made a grade lower than C during the previous quarter.

REDUCED LOAD

The Scholarship Committee may, if it deems wise, restrict any student's load to an amount not exceeding the number of hours on which the student received credit during his preceding quarter of residence.

When deemed advisable, students may be assigned to remedial courses in reading, penmanship, and other fundamental subjects. Such remedial work carries no credit and is counted as part of the student's regular load.

LATE REGISTRATION—A fee of two dollars is charged for registering after registration day. No student may enter after the first day of the third calendar week of any quarter. No student who enters after the first week may take more than twelve hours, but those entering at any time during the first week may take a full load of sixteen hours,provided they make up the work missed in all classes.

Students registering for a half quarter may not register for a full load after the second day of the term. Seniors expecting to graduate at the end of the half quarter term must register within the first two days of the term regardless of load.

EXPENSES

Late Registration Fee	$ 2.00

IMPORTANT NOTICE:

All ration books must be presented to dietitian when entering dining hall.

Announcements concerning expenses, fees and furnishings are subject to change without notice and may not be regarded as binding obligations of the college. In times of changing conditions, it is especially necessary to have this definitely understood.

STUDENTS WHO REGISTER FOR AN ENTIRE QUARTER MUST PAY FEES FOR ENTIRE QUARTER

NOTE: No laboratory fee is charged in science courses. The fee in commerce courses is $2.00 per course. Fees in home economics range from $1.50 to $3.00 per course (see April bulletin).

Music Fees: Special fees are charged for private lessons in music and for use of college instruments for practice. Those interested should consult the April bulletin or should write for information.

IMPORTANT NOTICE:

Should a student withdraw three days after date of registration all fees will be refunded.

Should a student withdraw for any reason prior to mid-term of any quarter fifty (50%) per cent of INCIDENTAL FEE will be refunded and pro rata percentage of BOARD and LAUNDRY fees will be refunded.

Should a student withdraw after mid-term of any quarter under no circumstances will any part of Incidental Fee be refunded, but a pro rata percentage of BOARD and LAUNDRY fees will be refunded.

Special or Laboratory Fees will not be refunded under any circumstances after a student has been in attendance for three days.

No deduction in living expenses is made for an absence of less than two continuous weeks, and then only when the absence is necessary and is reported to the Secretary's office five days in advance. No deduction of board is made on account of late entrance.

SPECIAL EXAMINATION FEE **$1.00**

Graduation Fee—A graduation fee of six dollars for a degree is payable three months before graduation. This includes membership in Alumni Placement Service.

DEMONSTRATION SCHOOL AND CURRICULUM LABORATORY

As usual, the Demonstration School will be operated throughout the summer quarter. In connection with the Demonstration School, superior work is being done in the planning and development of a program of functional integrated units, and opportunity for observation of this work is open to all students of the College. The Director of Teacher Training, the Superintendent of the Demonstration School, and all critic teachers employed in the School have been in touch with the Mississippi Curriculum Program from its beginning, serving as regional directors, consultants and members of State committees. The curriculum revision program of the Demonstration School has attracted the favorable notice of national journals of education within the past year, and both the Director of Teacher Training and the Superintendent of the Demonstration School have been called to serve on committees of direct research work in other states than Mississippi. Probably no better opportunity for finding practical application of curriculum principles to their own problems is available anywhere to Mississippi teachers than the Mississippi Southern College Demonstration School.

READING CONFERENCE

From June 12-16, inclusive, the fifth annual reading conference will be held at Mississippi Southern College.

The conference will be under the direction of Dean H. M. Craft and a faculty committee composed of Miss Emily Jones, Mrs. Minnie B. Ford, Miss Anne Weathersby, and Mrs. Sallie McLemore. The conference will be in the nature of a workshop; those in attendance will organize themselves into groups, according to the problems in which they are interested. Each group will select a leader of discussions, and a consultant will be provided for each group from the faculty of Mississippi Southern College and the staff of county elementary supervisors. It

will help in forming preliminary organization of groups if those teachers who are planning to attend the conference will send their problems in advance to the Dean of Instruction of the College.

In addition to the group discussions, lectures will be given from time to time by authorities on reading. Several demonstrators of reading are expected during the conference.

Two hours college credit will be given those who are enrolled for the work and who comply with regulations of the conference.

A fee of $5.00 will be charged for those enrolled for credit. Students in residence are invited to attend these meetings. A fee of $1.00 a day will be charged those not regularly enrolled for the conference.

Information as to rooms and meals or any other information will be furnished on request.

LIBRARY SCIENCE

Every effort will be made to organize for each term of the summer quarter courses in Library Science to enable teachers to meet State requirements for librarians in accredited schools. Those expecting to take Library Science during the summer quarter should write to the Dean stating their needs in order that proper courses may be scheduled.

CERTIFICATE AND DEGREE COURSE

The College offers curricula for primary, upper elementary, and high school teachers, teachers of vocational home economics, teachers of health and physical education, and teachers of public school music. All these curricula lead to the Bachelor of Science degree. The College also offers curricula leading to the Bachelor of Music degree, with majors in voice, piano, violin, and violoncello.

Minimum requirements for any degree include 192 quarter hours credits with an average of at least one quality point for each quarter hour earned in residence. At least forty-eight quarter hours must be earned in residnce during a minimum period of thirty-six weeks. Both qualitative and quantitative requirements for graduation are stated in the April bulletin.

DEPARTMENT OF MUSIC

While the whole world is suffering the severe shock of violence and turmoil, war and oppression must eventually retreat and peace and justice will again rule. Some of the old educational traditions may be discarded, but the new education will be geared more accurately to the present demands and ideals of life. The tomorrow has always presented untrodden paths and will continue to be rich in promise for those who wish to follow the profession of music.

The Mississippi Southern College Department of Music is a highly specialized division of the college with a faculty of recognized artists and teachers and with physical facilities adopted to fill all the demands of professional training.

Southern is an institutional member of the National Association of Schools of Music and is accredited by that organization. The requirements for entrance and for graduation as set forth in the college catalog are in accordance with the published regulations of the National Association of Schools of Music.

HOME ECONOMICS

Miss Fritzsche **Miss Thompson** **Miss Campbell**
Miss Martin **Miss Stribling**

The Division of Home Economics has a curriculum designed primarily for preparing students to teach home economics. The work is so planned that many completing the requirements for a B. S. Degree in Home Economics are accepted for positions in Extension Service, F.S.A., Commercial Home Economics, Lanham Act Nursery Schools, and as assistant dietitians. Since every woman becomes a homemaker and many become partners in establishing homes of their own, the home economics curriculum contributes to special preparation for the most important of all vocations, Homemaking.

Those majoring in home economics may take work leading to a B. S. Degree as planned in Group VIII with a first major in home economics and a second major in science or as planned in Group XII which meets requirements for Voca-

tional Home Economics and thus the license to teach in Vocational Home Economics Departments in the state. Those following a curriculum leading to a Bachelor of Arts degree may have a minor in home economics with music, literature, or sociology as a major. This work is especially designed for those young women who plan to go immediately into homes of their own.

It has been the history of the Home Economics Department here that there have been more positions waiting for graduates than majors to recommend. Those completing the requirements in Group XII are used in Vocational Home Economics teaching positions, Extension Service as home agents, home management supervisors in F.S.A., and in some commercial positions.

The courses offered in this department are planned primarily to train teachers of vocational home economics, though home makers and those specializing in demonstration work will find many courses suited to their own particular needs.

BUSINESS EDUCATION AND COMMERCE

This department has been established primarily for students who wish to prepare for commercial teaching and emphasis is laid upon the general principles underlying all lines of business. It is also designed for those who intend to enter the varied business fields, law, or public service, and generally to form the basis and provide the outlook for a life of activity and leadership in community affairs.

The field of Business Education and Commerce offers two curricula: (1) a curriculum leading to a B. S. degree with a major in business education, and (2) a two-year curriculum in secretarial science. Upon the completion of the two-year secretarial science curriculum, a certificate is granted. It should be noted that those receiving the certificate in secretarial science may complete the work for the degree with a major in business education with a minimum of additional work. A description of the programs leading toward graduation follows:

Commercial courses in shorthand, typing, secretarial practice, business law, and special courses in machine bookkeeping, and use of dictaphone and other business machines will begin February 7, March 20, April 24, June 5 and July 7.
